

# Meeting 29: Scrum Meeting 18

---

19 April 2024

## ATTENDEES

Tanvir Hasan, Muhammed Bilal, Hamza Sidat, Marium Nur, Anjali Sabu, Amani Anderson, Abdul-Maalik Siddiqui

## AGENDA

- ☒ Review the progress of the team on assigned tasks for Sprint 6
  - Anjali worked on updating the Facebook and Google login buttons and trying to style them to match each other. Will on test cases for frontend components.
  - Amani added more logic/handling for timestamp appearance. Added logic for Google/FB users attempting to reset their password using our website. Capped the number of summaries a user can save to 10, and added logic to avoid multiple savings of the same summary. Sourced a VPS and the domain name for the hosting of the website, and launched the front end to the VPS' IP address.
  - Hamza implemented select all checkbox functionality and allowed deletion of all of the shortened URL history. Copy functionality working for summarization history component, working on copy functionality of shortened URL history.
  - Tanvir is testing the site from the user side.
  - Maalik added in-text citation updates, updates to requirements, and overall bug fixes and testing for the site.
  - Marium made the tooltip fonts responsive (the default size is too tiny for large screen sizes) for the User dashboard page and added timers for copy buttons in the history and summarizer page.
- ☒ Update Jira tasks for Sprint 6
- ☒ Complete Sprint 6 and start Sprint 7

## ACTION ITEMS FOR THE NEXT MEETING

- ☐ Update the progress of tasks on Jira for Sprint 7 as needed
- ☐ Integrate the backend with the VPS to ensure full functionality
