COSC 4P02: SOFTWARE ENGINEERING 2

Meeting 21: Scrum 12

19 March 2024

ATTENDEES

Muhammed Bilal, Anjali Sabu, Marium Nur, Amani Anderson, Hamza Sidat

AGENDA

☑ Review the progress of the team on assigned tasks for Sprint 4

- Anjali completed the Settings page and is now working on the History and Templates page.
- Amani added backend functionalities for storing the user's name and making sure the premium panel for the summarizer page appears if the user is logged in.
- Bilal added a slider as a premium feature for changing up the word count - added timestamp option.
- Hamza worked on the history functionality so that inputs and outputs for each user are stored in the database. The functionality for deleting the entire history or a single user history also works now. Unit tests has also been created for
- Marium has completed responsiveness for the reviews component, added a name text field for the create account page and added password requirements for create account and forgot password pages.
- Maalik continued to work on backend and frontend integration.

☑ Update progress of tasks in Jira
